RESET PASSWORD

What should your new password be?

Keep in mind: Using a password manager will help you set up a super secure password that you won't even need to remember. Pretty convenient stuff.

Organizer has not started the round yet.

Please wait

The round has not started yet.
Therefore you still have to wait for a bit until you can choose your date.

Find your date

Scan someone's QR code or let them scan yours.

You've got *00:05:32* seconds left.

Alternatively: enter their code
something like: nazhrb12q2

Your code:

matchy.at/events/qhnj343as

SUBMIT

User has not found a pair yet.

The round ends.
(This can be an endless loop until the organizer ends the Event)

Matchy

01:58
min. left

Here's a nice ice breaker:
"Why didn't you take a shower today?"

Did you like them?

No pressure this won't get awkward.
Matches will only be shown a couple hours after the event (based on the host's choice).

CONFIRM

End of Event -> set by organizer

That was it folks

We hope you had a good time.

You will receive a mail when your matches have been evaluated and waiting for you in your inbox.

OKAY

Manage event

23/49 Pairs
waiting to get to know eachother

01:58
min. left

auto start next round

START

Round 3

13% of all possible matches were made.
27% already got at least one match.

Minutes per date

END EVENT

When should the matches be seen?

Setting the right time will prevent awkward conversations because of rejections.

Ideally matches should be available when everyone has already left the event.

Matches should be seen...

00:0 0 ... *minutes after the event*

CONFIRM

Well done!

They say cupid never misses a shot.
You just made 49 matches possible!

Participants:	73
Total matches:	49
% date-coverage:	89%
% match-ratio:	32%

- 100% date-converage would mean that every single possible pairing that could have possibly been made was made.
- 100% match-ratio would mean that every single pairing was a match
